M&G School Bus

Built-in 2014, Mercedes and Guillermo Balbi decided, with hard work and extraordinary perseverance, to achieve one of their long-term goals. To be able to help the future of our nations. Our kids. As we all know, not every kid has the privilege to go to school in a comfortable, safe, and convenient matter. For it, Mercedes and Guillermo decided to make a difference and came out with this company. It all started with only three school buses, and with excellent organization and the love that it requires now in 2020, the M&G School bus consists of a team of over 35 staff and over 20 school buses.

We are looking forward to expanding to further horizons with the love and passion as those in the earliest days.

- Contact Us:

When you click on Contact Us, you will have the opportunity to interact with the website. Here, you will be able to send a direct email to the company easily. First, in the first input box, you will need to add your full name. In the second box, you will need to put your desired email address. Finally, in the third box, you will have the opportunity to send a message. This could be a question, comment, or feedback.
